

## About GREEN EXCEL

Established in 2022 **Green Excel Poland** is a new and modern factory based near Wrocław, **preparing cleanroom solutions for the European market.** We produce high quality, cost effective, durable, complete cleanrooms based on composite panels and maintaining flexibility for bespoke project requirements.

We believe that a better working business is a better working world. That is why in March 2023 we made a strategic decision to implement the **Quality Management System** in compliance with **PN-EN ISO 9001:2015** in scope of:

Production of wall and ceiling sandwich panels with filling:

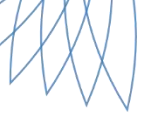

- Rockwool
- Aluminium honeycomb

CLEANROOM ARCHITECTURE SYSTEMS

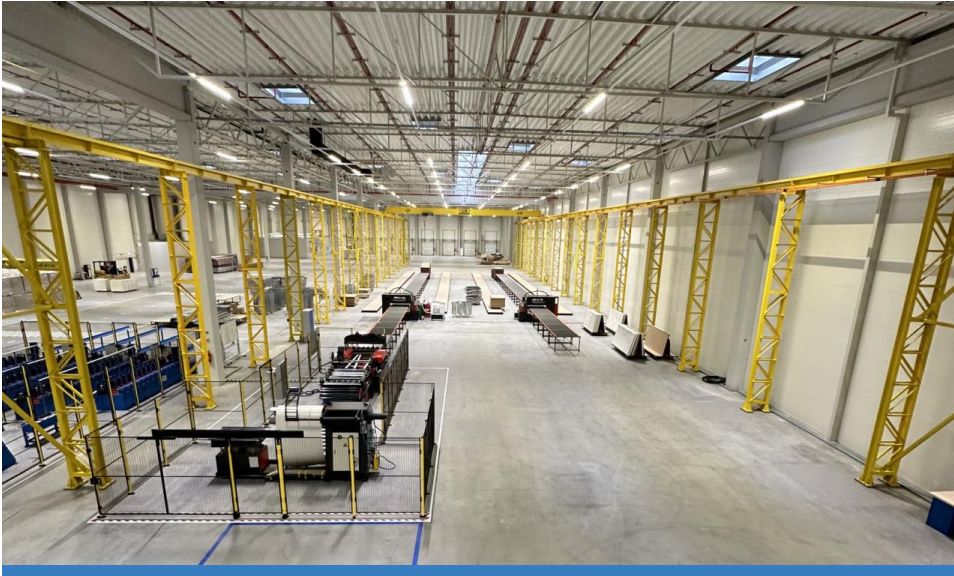

AC 082
